### Specific location information

- The entrance to the storage units is located in the underground carpark of the Chimlimärt shopping centre. The storage area is accessible through a sliding door with an electronic lock. Please hold the blue part off the key to the sensor (next to the ventilation pipe) to open the sliding door. Use the same key to open your personal storage unit. To leave the storage area, please use the pull cord to open the sliding door or - in case of an emergency - use the emergency exit right next to the storage unit No. 1. Please close all doors and gates behind you!
- **Please note the maximum access height of 3.60 m and 2.75 m (see back of page)**
- Motion sensors turn on the lights automatically in the corridors. The lights will turn off again automatically after a certain period (there are no light switches).
- Running water and toilets are available.
- Smoking is strictly prohibited on the premises of w. wiedmer ag!
- Please note that the area is to be left tidy and all equipment must be returned to its designated location. Please take any waste with you and dispose of it privately.
